

UNIVERSITY AT ALBANY

State University of New York

About the University at Albany

Located in New York's capital city, the University at Albany offers its more than 17,300 students the expansive opportunities of a major research university and an environment designed to foster success.

Academic Programs

UAlbany students choose from 120 undergraduate majors and minors and more than 125 graduate programs. Many of these programs are nationally ranked, among them criminal justice, information and technology management (Informatics), public administration, social welfare, public health and sociology.

Life-Enhancing Research and Scholarship

In every area of study, students are instructed by faculty who are world-class scholars and teachers - many actively engaged in life-enhancing research that contributes profoundly to the public good. As mentors, they provide numerous undergraduate and graduate research opportunities, inspiring students to advance their skills and aspirations.

More Than 600 Ways to Study Abroad

Students take advantage of more than 600 study abroad opportunities in more than 50 countries through UAlbany and SUNY's networks. These are valuable opportunities for young scholars to enhance their education, increase independence and self-awareness, and gain international experience that prepares them for today's global marketplace.

Diversity that Enriches Learning

The varied perspectives and life experiences of a student body and faculty which represent 48 states and 96 countries provide a diversity that enriches learning at UAlbany.

Excellence at a Great Value

The excellence of a UAlbany education is recognized by many independent sources, such as the rankings published yearly by *U.S. News and World Report*. Its great value results from the world of opportunities that are available to students at an affordable price.

Strategic Location

The University's location in the state capital of New York provides students with limitless opportunities for internships and public service through which they gain experience, test their skills, and prepare to launch brilliant careers. The area is also a vibrant center for culture and entertainment. Among its attractions are the New York State Museum and Library and the Times Union Center, a major Northeast entertainment and sports venue. Close by are the Berkshires, the Catskills, Saratoga, and the Adirondack Mountains, areas famed for recreational and cultural opportunities.
